

CLOTH DRYER STAND

It becomes very hard to dry your clothes during the rainy or wet season. So, Gagan Enterprises provides a variety of Cloth dryer Stands made from high-grade stainless steel that is rustproof and extremely handy to use. Small homes do not have enough space to hang washed laundry. So, Homecare Cloth Dryer stands are the best option for drying your clothes indoors or even on the balcony. The pipes of the Cloth Dryer Stand are welded strongly to the mainframe thus increasing its durability and life.

In Small apartments, there is a common problem of not having adequate space for drying clothes. To solve this problem, you need our cloth dryer stand manufactured from Gagan Enterprises. Its design is compact which not only makes it easy for you to dry your clothes during the wet season. Also, you can place this stand anywhere in the small place of your house after use. The design of the stand is very smart and allows you to hang a large number of clothes. You can use it even in the drawing-room, bedroom, or balcony during bad weather. The arrangement of the stand suitable for hanging the big as well as the smallest clothes. The joints used in the Cloth drying Rack are so strong that you can not face any problem during the spreading and folding of the stand. The height of the stand is optimum and prevents clothes from hanging too low. You can also clip on a large number of clothes.
